Important information for Parents

Dear Parents,

We are looking forward to welcoming your child to Wandlebury Country Park with their school.

During their school visit your child will be outside for the whole day, and will be taking part in a number of practical outdoor activities. We want to make sure your child is safe and comfortable while they are with us and we would like to make sure they are appropriately prepared.

On the day of your child's visit can you please make sure that:

- Your child is wearing sturdy shoes or wellies (no sandals please)
- Your child's arms and legs are covered i.e. long sleeves and trousers/leggings/tights
- They have waterproof coats and sunhats with them
- Sunscreen has been applied and/or provided for them
- Any cuts or wounds have been covered with a plaster as a caution against disease/infection
- A packed lunch and drink have been provided for them

It is also important that your child's teacher is aware of any allergies/ medical issues that your child may have.

Thank you and we hope your child enjoys their visit with us.

Best regards

The Cambridge Past, Present & Future team
